(S//REL TO USA, FVEY) NSA: How Network Mapping is Helping to Target the Credit Card Authorization Networks

(U//FOUO) [redacted]
NSA, Network Analysis Center

2010 SIGDEV Conference

Derived From: NSA/CSSM 1-52
Dated: 20070108
Declassify On: 20330108

(U) Pursuit Goals

- (S//REL TO USA, FVEY) Collect, parse and ingest transactional data for priority credit card associations, focusing on priority geographic regions.
- (S//REL TO USA, FVEY) Identify the locations of large stores of cardholder data; identify and overcome the challenges to collection
- (S//REL TO USA, FVEY) Produce actionable intelligence from credit card data.

(S//REL TO USA, FVEY) Document Collection Access Points
